## USING A FINANCE/MORTGAGE BROKER

Using a Broker to obtain finance or get a mortgage could end up costing you more than if you had obtained finance yourself!

### REMEMBER

- You don't have to use a Broker!
- You can deal with lenders directly!
- Brokers shouldn't be able to get you a loan you could not have gotten elsewhere!
- Shop around for the Broker with the best deal!
- Do not assume that a Broker is acting in your best interests and will get you the "best deal"!
- Brokers are in business and need to make money - that is their priority!
- Don't sign anything you do not understand!

### BEFORE YOU SIGN UP THE BROKER MUST:

- Give you a CREDIT GUIDE that includes the broker's contact details and license, total fees payable, the credit providers they refer to most, and details about dispute resolution procedure.
- Give you a QUOTE in writing, which specifies the services being provided, specifies the total payable by you and states whether the fee is still payable if you do not proceed.

**WARNING: NEVER sign blank forms or leave details for the Broker to fill in later.**
